## BOOK SYNOPSIS

Now SHE'S the best there is! X-23 was created to be a weapon and, for a time, that's all she was. But with the help of her mentor, Logan - the original Wolverine - she escaped that dark past. Now the man she knew has fallen, but Laura will honor his memory as the All-New Wolverine. But with the famous cowl comes a world of misery and mystery...like the devastating secret of the Four Sisters. Uncovering it will involve new friends Dr. Strange and the Wasp, and lethal new enemies like the Taskmaster! But after recent events, Laura is growing used to doing everything in her power to save those around her from forces hell-bent on destruction. If anyone can stop them, it's Laura. After all, it's what Wolverine does. COLLECTING: ALL-NEW WOLVERINE 1-6.
